

To become a new actor in the Swedish electricity market

Choose actor type/actor types below where you also can find more information about the actor types. Please enter the mandatory information needed at the end of this form.

- Retailer (RE), also known as "leverantör" in the "Ediel portal"
- Distribution System Operator (DSO), also known as "nätbolag" in the "Ediel portal"
- Balance Responsible Party (BRP)
- Energy Service Company (ESCO)
- Trader with balance responsibility
- Trader with other BRP
- Service Provider (SP)
- Balance Service Provider (BSP)

Information on different actor types

All the actor types below must have a signed Ediel agreement with Svenska kraftnät. Actors requesting to become BRP, BSP or Trader with balance responsibility must also sign a balance responsible agreement with Svenska kraftnät. In further addition, the actor types BRP and Trader with balance responsibility also need to sign an Imbalance Settlement agreement with eSett.

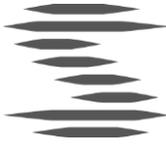

Actor type	General description
Retailer	<ul style="list-style-type: none">• A Retailer buys electricity and sells it to its customers on the free market in competition with other retailers.
Distribution System Operator	<ul style="list-style-type: none">• A Distribution System Operator maintains the grid and is responsible for transporting the electricity from the production units to the customers.
BRP	<ul style="list-style-type: none">• A Balance Responsible Party balances the consumption within its responsibility by using production and trade. Is responsible for their own and their contracted parties imbalances,
Energy Service Company	<ul style="list-style-type: none">• Helps its customers with e.g. energy efficiency and consumption statistics issues.
Trader with balance responsibility	<ul style="list-style-type: none">• A Trader trades with electricity, but has no end customers. Is responsible for their own imbalances.
Trader with other BRP	<ul style="list-style-type: none">• A Trader trades with electricity, but has another contracted BRP
Service Provider	<ul style="list-style-type: none">• A Service Provider can among other things act on behalf of another actor
BSP	<ul style="list-style-type: none">• A Balance Service Provider is responsible for the delivery of ancillary services. To become a BSP the actor needs to be an approved BRP. A BSP also needs pre-qualified resources.

Information on different codes

When signing an Ediel-agreement the actor will be assigned an Ediel-ID, but some actors or actor types already have other types of IDs, e.g GS1/GLN and/or EIC-code. If such a code already is assigned, please specify it in the table below.

Swedish actors that do not already have an EIC-code will be assigned an EIC-code upon completed testing. Non-Swedish actors will not be assigned an EIC-code by Svenska kraftnät, and must contact their local LIO if EIC-code is needed.

If you with this registration hold more than one code, please mark which ID type that is/is to be used in potential eSett communication.

**Mandatory company information:**

Company Name	
Corporate Identity Number	
VAT Number	
GS1/GLN¹	
EIC²	

Main address (registered office):Street/PO Box: _____

Information on electronic invoicing (if chosen above):

Peppol-invoicing

Peppol-ID: _____

Svefaktura

Party-ID/EDI-address/GLN: _____

VAN-operator: _____

Email-address for invoicing (non-personal, e.g. invoice@company.se):

Svenska kraftnät's processing of personal data in relation to the registration of a new actor and/or actor role includes contact details such as first name, last name, telephone number, and email address of representatives of a legal entity. We do this in order to manage applications for actor registration and, where applicable, subsequent contract administration. The personal data is processed on the basis of performing a task carried out in the public interest. The public interest consists of registering new actors on the deregulated electricity market. The data is erased when no longer relevant, three months after the actor has terminated its Ediel agreement.

Read more about how we process your personal data in [Svenska kraftnät's data protection policy](#).
